

Col. J. Egbert Farnham, whose demise is announced, was rather a noted character some years ago. When quite young he served with William Walker, the filibuster. Subsequently he gained an unenviable notoriety by transporting a cargo of negroes from Africa to the American shores, in the yacht Wanderer. He was apprehended by the United States authorities for this violation of law, and his life was saved only through the influence and ingenuity of Colonel Lamar, of Savannah. Farnham enlisted in the Union army when the war broke out, and was several times promoted for gallantry.

MASSACRE IN REMEDIOS.—A letter from Remedios, Cuba, states that on the re-occupation of that place, early during the present month, by the Spanish forces, it was resolved, as a means of terrifying the Cubans and slaves, that each volunteer should mention the name of some Cuban to be put to death at once. The result of this choice of names was the selection of eighteen victims, few of whom had served, or indeed were capable of serving, in the patriot army. Of the chosen list twelve were immediately arrested, and the same night were taken to the burying place of the town, and nine of them shot in cold blood.

Sunday morning at 3 o'clock, as the Northern bound train passed Kittrell's Depot on the Raleigh and Gaston Railroad, it ran over and killed David Hayes, severing his head from his body. Hayes was lying on the track in a state of intoxication. But a few years since Tom Murray was found dead on the railroad, at the same place, with his head cut off. Murray and Hayes having had that night a difficulty. Hayes was arrested on suspicion, but the evidence did not sustain the charge. There is something strange in this, both deaths having happened at the same spot.

GOOD NEWS FOR THE LADIES.—The Herald's news telegrams from China, forwarded by way of Bombay, India, and through the Atlantic cable from England, give most flattering and cheering accounts of the prospect of the tea and silk crops in the empire. This is glorious news for the ladies. It may have the effect of revolutionizing the aspect of the woman's rights question. Plenty of tea and cheap silks may work wonders.

The examination, Wednesday, into General Howard's doings developed the fact, as shown by the books of the Building Block Company, that the Freedmen's Bureau money was kept in the Freedmen's Bank to discount the notes of this company, and that all three institutions were managed and controlled by the same persons. The farther the examination progresses the worse the developments appear for Howard. Alas for "the christian soldier!"

REACTION.—The Washington correspondent of the Baltimore Gazette says: "Sambo's appearance at the polls in the Northern States is producing its natural effect. A letter received this morning by a New York member states that where one negro voted for the radical ticket, that at least ten white men forsook the sinking cause, and mainly for that reason."

Near the Scott's Hill Church, twelve miles from Wilmington, are the graves of two Confederate soldiers. Upon the headboards are the following inscriptions: "J. M. Easters, Co. C, 18th Regiment S. C. Volunteers, died February 22, 1863." "John A. Mann, Co. H, 8th Regiment N. C. State Troops, died July 10, 1863."

Pratt, who was engaged with Gray, the friend of "Birdie," in the heavy forgery in New York city, in December, '69, has been arrested. He went to Mexico, squandered his ill-gotten means, and returned to the place of his crime in disguise, only to fall into the clutches of the detectives. He does not seem to care what becomes of him.

The trial of the Lydia Thompson blondes for an assault on Mr. Storey, editor of the Chicago Times, came off in Chicago on the 17th inst. None of the parties were present except the counsel for defendants, who put in a plea of guilty. Miss Thompson and Henderson were fined \$200 each, and Miss Markham \$150.

A DARK PICTURE.—A correspondent of the New York Tribune, writing from Charleston, believes that the colored race in that section "is dying out, emigrating to the West, murdering its young, much as some animals do when the litter is large."

Senator J. W. Stephens, of Caswell County, N. C., was taken from his house in Yanceyville, on Saturday night last, by a band of disguised and armed men, and murdered in cold blood, about forty balls having been fired into his body.

A Mr. Wilson Wallace, of Mecklenburg County, N. C., while on his way home from Charlotte, was forced to dismount from his horse, on account of sickness, when he was assailed by four colored men and robbed of nearly \$4,000.

The Mormon authorities, at Salt Lake, took forcible possession of the United States Court in that city on Tuesday, but surrendered after a parley with the Judge and Marshal.

A colored girl, named Elvira Watson, was raped by a colored man, named Jas. Perry, on Sunday last, on Wadmalaw Island. The officers are after the brute.

Little Miss Peters went to drown her cat in a pond, near Louisa, Ky., the other day, fell in and was drowned herself.

Hartford or New Haven—which shall be the capital? is the question among the Connecticut legislators.

Wm. Higgins, a jeweler, was shot dead in his own door in Blountsville, Ala., a few days ago.

Mace and Heenan have taken a solemn obligation never again to engage in a prize fight.

To the Working Class.—We are now prepared to furnish all classes with constant employment at home, the whole of the time, for the spare moments. Business new, light and profitable. Persons of either sex easily earn from 50c. to \$5 per evening, and a proportional sum by devoting their whole time to the business. Boys and girls earn nearly as much as men. That all who see this notice may send their address, and test the notice, we make this unparalleled offer: To such as are not well satisfied, we will send \$1 to pay for the trouble of writing. Full particulars, a valuable sample, which will do to commence work at once, and a copy of *The People's Literary Companion*—one of the largest and best family newspapers published—sent free by mail. Reader, if you want permanent, profitable work, address E. C. ALLEN & CO., Augusta, Maine. March 10 4 3mo

THE RESPONSIBILITIES OF THE LIVER.—The liver has a very important part to perform in the animal economy. Its function is two-fold. The fluid which it secretes tempers the blood and regulates the bowels, and upon the quantity and quality of the secretion depends, in a great degree, the adaptation of the blood to the requirements of the system and the due removal of the refuse matter which remains in the intestines after the work of digestion has been accomplished.

One of the principal uses of HOSTETTER'S STOMACH BITTERS is to tone and control this somewhat unmanageable organ. The antibilious properties of its virtue are scarcely secondary to its virtuous nature. Its operation upon the liver is not violent like that of mercury, but gradual and gentle. Instead of creating a sudden tumult in that sensitive gland, it regulates its action by degrees. Hence, it is a safe remedy for bilious disorders, while mercury, being a treacherous agent, is not. The more naturally and quietly a diseased organ can be restored to its normal condition the better, and it is the peculiar property of this harmless vegetable alternative to reinforce and regulate without exciting or convulsing.

The necessity which has attended its use as a remedy for affections of the liver is proved. Persons of a bilious habit, who take it habitually as a protection against the attacks to which they are constitutionally liable, pronounce it the best liver tonic in existence. The symptoms of an approaching fit of biliousness can hardly be mistaken. A pain in the right side or under the shoulder blades, a saffron tinge in the whites of the eyes, sick headache, a feeling of drowsiness, low spirits, loss of appetite, constipation and general debility, are among the usual indications of a morbid condition of the liver, and as soon as they appear, the Bitters should be resorted to in order to ward off more serious consequences. DR. A. L. SCOVILL is the inventor of several medical preparations which have become very popular, and have been liberally used. Among his inventions are "HALL'S BALM FOR THE LUNGS" and "LIVERWORT AND TAR." For the past six years a better Lung remedy has been offered to the public than the following letter from Dr. Scovill, referring to it: "Messrs. J. N. Harris & Co.—GENTS: I make the following statement from a perfect conviction and knowledge of the benefits of ALLEN'S LUNG BALM in curing the most deep-seated PULMONARY CONSUMPTION. I have witnessed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs, and all the early stages of Lung complaints, I believe it to be a certain cure, and if every family would keep it by them, ready to administer upon the first appearance of disease about the Lungs, there would be very few cases of fatal consumption. It causes thin phlegm and mucus to rise, without irritating those delicate organs, (the Lungs), and without producing constipation of the bowels. It also gives strength to the system, stops the night-sweats, and changes all the morbid secretions to a healthy state. Yours respectfully, A. L. SCOVILL. Sold by all Medicine Dealers."

HEINITZ'S QUEEN'S DELIGHT

As a Family Medicine, It Stands, and Will Forever Stand

FIRST in the estimation of the people, because it has withstood the searching tests of the Physician and a discriminating public, and whatever survives this trial must be established on a sure, firm foundation.

A SPRING AND SUMMER MEDICINE. A known and recognized remedy among all people. Thousands attest its worth as a Medicine.

Heinitz's Queen's Delight. Is a substitute for Calomel and Mercury. It acts by its vegetable principle as an alternative upon the Liver and Stomach, promoting the secretion of bile, and then directing its proper channel for the nutritive purposes of digestion. For Bilious Diseases, Bilious Colic, Bilious Fever, Typhoid Fever, Chills and Fever, in fact, all fevers, are prevented by using Queen's Delight.

It cures Liver Complaint, and all Hepatic Disorders, Dyspepsia, Stomach Complaints, Scrofula, King's Evil, Cancerous and Indolent Tumors, White Swellings, Mercurial and Syphilitic Sores, All Sores, Swelled Legs, Boils, Carbuncles, Eruptions, Gout, or Swelled Neck, Enlarged Joints, Rheumatism, Blotches, Erysipelas, St. Vitus' Dance, Dropsical Swellings, Salt Rheum, and all Skin diseases and Tumors in the Blood, Inflammation of the Kidneys, Bladder, Pains in the Back and Sides, Asthma, Consumption, Bronchitis, and all diseases which may be traced to blood; and for very many diseases peculiar to females, such as Suppression, Irregularity, Whites, Sterility, Uterine Dropsy, &c.

SKIN DISEASES. It has been prescribed in a great variety of Cutaneous Affections, and found successful in curing Salt Rheum, Tetter, Boils, Blotches, Pimples, Scald Head, Erysipelas, Morphea, Jaundiced Skin, &c., and for Diseases of the Throat, Nose and Ears, and from the Kidneys and Urinary Passages, Leucorrhoea, &c.

INVIGORATOR OF THE LIVER. As a Liver Invigorator it is of inestimable value. As a stimulant, it is safer and surer than all the tonics and whiskey tonics of the day, and if you value your life and health a pin's fee, avoid these quickening stimulants to the grave, and use the Queen's Delight.

FEMALES. Females of delicate constitution, suffering from weakness and depression of mind, in consequence of those complaints which nature imposes at the period of change, have a pleasant and sure remedy in the Queen's Delight.

DEBILITY. There is no medicine equal to the Queen's Delight in cases of Debility. It imparts a tone and vigor to the whole system, strengthens the appetite, causes an enjoyment of food, enables the stomach to digest it, purifies the blood, gives a good, sound, healthy complexion, eradicates the yellow tinge from the eyes, imparts a bloom to the cheeks, and enables the patient from a short-breathed, emaciated, weak and nervous invalid to a full-faced, stout and vigorous person.

NERVOUSNESS. Generally accompanies LIVER Complaint or Dyspepsia, and is, frequently produced by continual constipation. The symptoms are, fluttering at the heart, a choking sensation, when in a lying posture, dots or webs before the sight, fever and dull pain in the head, constant imaginings of evil, and great depression of spirits.

Debility of the Nervous system should always be dreaded as of itself laying the body open to an attack of any epidemic.

HOW IT AFFECTS THE MIND. Persons afflicted with this disease are generally annoyed by occurrences of no moment, which would not, if in a state of health, give them any uneasiness. The Queen's Delight will soon relieve the unpleasant effects of this distressing affliction.

Be sure and ask for HEINITZ'S QUEEN'S DELIGHT; the new remedy, with new principles. No Sarsaparilla in it; that has been mentioned and found wanting. It is not a fermented and sour combination of herbs. It is not a Whiskey beverage, or Gin compound, to intoxicate; nor is it a Hum Bitters, to ruin your health and lead to a more fatal disease, drunkenness. But a health and life-giving Medicine, called simply "Heinitz's Queen's Delight."

The great success, and the unparalleled popularity of this medicine bespeak for it the highest praise for its inventor. Prepared only by E. H. HEINITZ, Druggist.

And for sale by Druggists everywhere. April 30
